Mission

Villamanta is a free Community Legal Service operating throughout the state of Victoria on disability related legal and justice issues for people who have a disability. Our focus is on intellectual disability.

Villamanta's mission is to protect and advance the rights of Victorians who have a disability, by advising, informing and representing them and acting as an advocate on disability related legal and justice issues.

Vision

Villamanta's vision is to be recognised as a leading provider of legal and justice related services for people who have an intellectual disability and through our work, significantly contribute to creating an environment in Victoria in which people who have a disability, are acknowledged, recognised and respected equally with other Victorians and do not face discrimination.

Villamanta provides:

- *A free telephone information, advice and referral service*
- *Legal casework*
- *Policy and law reform*
- *Community Education*

All of these services are provided free to people who have a disability.

Some of these services are also provided to people who do not have a disability to assist them in supporting people who have a disability. We also sell some books on disability rights issues.

What does Villamanta Disability Rights Legal Service Inc. believe?

Villamanta believes that people who have a disability have a right to be treated in ways that are fair and reasonable, and give them opportunities, freedoms, and a standard of living that are equal to those for people who do not have a disability.

Villamanta aims to make it possible for people who have a disability to know what their legal rights are and to **use the law** to make sure that their rights are recognised and acted upon by others.
